MODEL OLB 23

TRAIL KING **LIVE BOTTOM**

SAFE. FAST. UNIFORM. MORE EFFICIENT DELIVERY.

Designed for strength and speed – this live bottom delivers! Our innovative TKLB distributes weight to maximize your payload and maintain high levels of maneuverability with multiple axle configurations.

The frictionless drive system provides efficient horizontal discharge while unloading in one revolution or less! The aerodynamic design features smooth side panels, providing corrosion prevention and a clean shiny finish. This trailer will provide a high level of return on your investment with consistent performance.
